The Tijuana Rotary Club was established 85 years ago, on October 1931, in the city of Tijuana, Baja California, México. Since then, we have been working on a diversity of projects that have had an impact on our community, like:

- Establishment of the “Casa de los Niños de la Calle” (Home for children of the street, homeless).
- Construction of the first “Centro de Integración Juvenil” (center for youth integration, addictions).
- Support to various institutions.
- Construction of workshops for disabled children.
- Libraries and construction of schools.
In alliance with the Government of Baja California, in 2011, the latter donated a Lot to the Tijuana Rotary Club, with an approximate area of 820 m² (approx. 8200 square feet), for the construction of our “Centro de Atención Rotario Tijuana” (CART).
Our Mission

CART has been created as a Rotary Center to assist the lowest income population of Tijuana, with special attention to children, youth and women, integrating and promoting their education and health prevention, and offering them the tools and support that will help them encounter their future in a solid manner, and achieve a better quality of life.

Also, perform in our installations different activities to benefit our community and strengthen Rotarism in the region.
CART will be an open space to assist children, youth and women, with the right support and tools, and professionally train them so they can incorporate themselves to the working field and get out of poverty. Working to all our capacity, in health prevention and education, in favor of the most vulnerable community in our city.

Values

- Service
- Humanism
- Social Responsibility
- Friendship
More than 12 years ago, a small group of members from the “La Jolla Rotary Club”, from the State of California, USA, led by John Vaughan, started coming every Saturday to Tijuana, to teach English to a few youth (around 30 students) with the help of “Club Rotario La Mesa” from Tijuana, club which disappeared 12 years ago, and since then our club, the “Club Rotario de Tijuana” decided to support and join our friends from La Jolla.
¿Why a Rotary Service Center?

Until now, this program has transformed the lives of many of its students:

- Masters in Maritime Sciences, studying his Phd in Wisconsin University.
- Two attorneys.
- Three Elecromechanic engineers.
- One systems engineer.
- Three doctors, one of them studying his Specialty in cardiology.
- One dentist.
- Two Elecromechanic Engineer students.
- Three Computer Science students.
In 2013, the CART Committee decided to start the construction of the Center, with its own funds, funds from charity events and donations from members of its Club and sister Clubs.
¿What do we have?

Relations with various clubs from different Districts of the USA, with whom we have been working through out the years and are willing to help us with this project.

Economic aid to its students, to pay for material and transportation, with Funds from our own Trust, with perspectives to increase it, and by consencuence the number of students.

Agreements with Universities from the region, sending students from their fields to give classes to our students, as part of their social service program.

We are promoting economic aid from Tijuana businessmen, to pay for the maintenance expenses of the Centro de Atención Rotaria Tijuana.
Prevention and Treatment of Diseases.

Economic and Community Development.

Basic Education and Literacy.

Mother and Child’s Health.
